

# fabrilife.com

## 1. Issue: Eye icon is not added to the password field

The screenshot shows the FABRILIFE Registration page. The form includes fields for Name, E-Mail Address, Mobile Phone, Password, and Confirm Password. The Name field contains 'sheikh eti', E-Mail Address contains 'shamimaeti110gmailcom', and Mobile Phone contains '01931058367'. The Password and Confirm Password fields are masked with dots. Red arrows point to the right side of both password fields, indicating where an eye icon should be present to toggle visibility. A green 'Register' button is at the bottom.

## 2. Description:

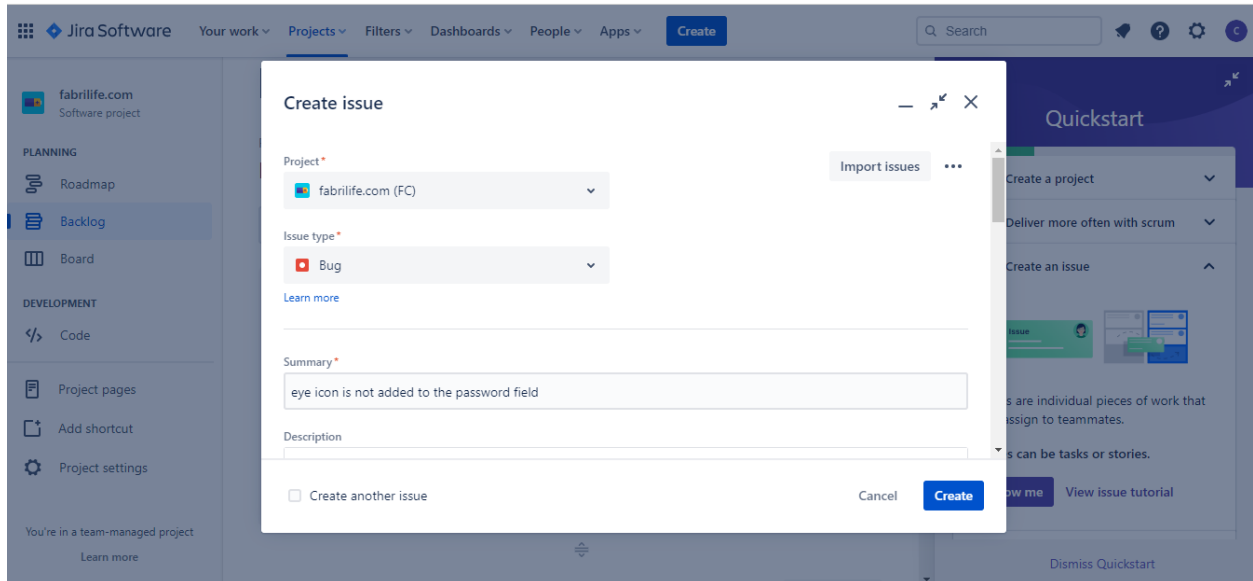

- Open any browser.
- Go to URL = <https://fabrilife.com/>
- Click on Register.
- Fill up all fields correctly with valid data.
- The user wants to see the password by clicking on the eye icon but the eye icon is not added to the password field.

**\*Expected result:** The user can be able to view the password by clicking on the eye icon.

**\*Actual result:** The eye icon is not added to the password field.

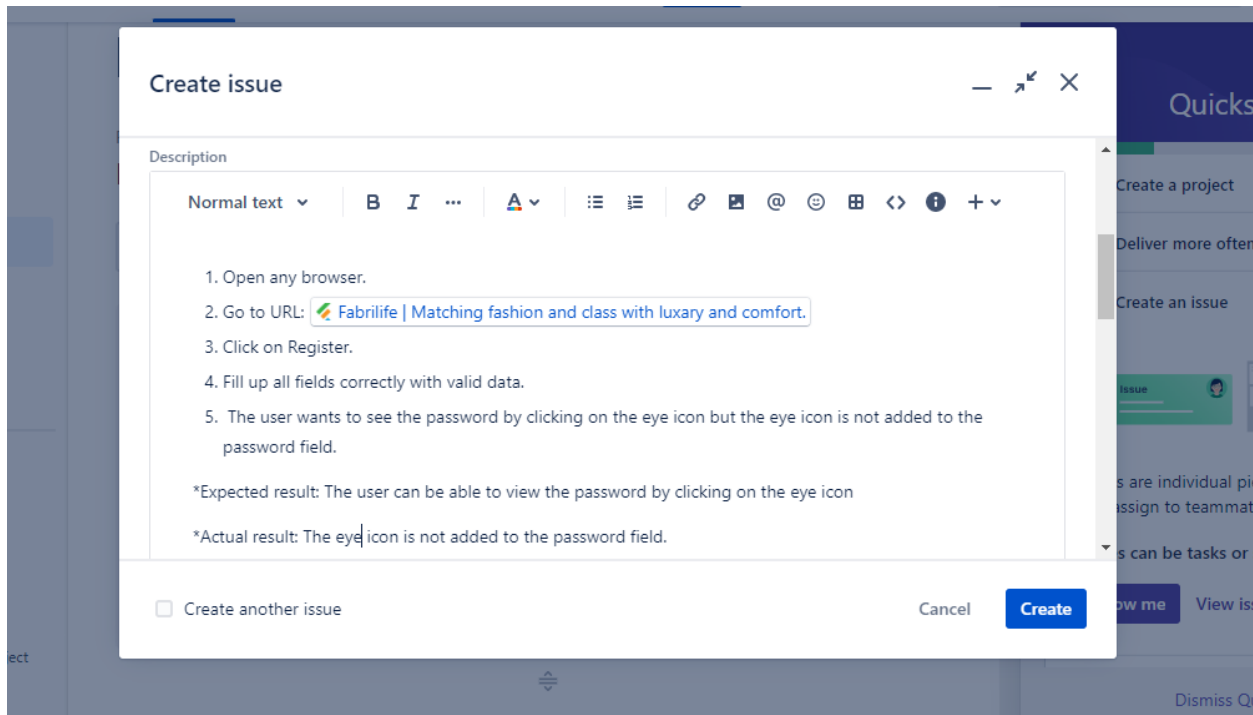

3. Create an issue, consisting with Project name, Issue type, Summary, Description, Assignee, Reporter, Attachment screenshots of bug and click on the Create button in JIRA.

\*Create an issue

The screenshot shows the Jira 'Create issue' dialog box. The 'Project' dropdown is set to 'fabrilife.com (FC)'. The 'Issue type' dropdown is set to 'Bug'. The 'Summary' field contains the text 'eye icon is not added to the password field'. The 'Description' field is empty. There are 'Cancel' and 'Create' buttons at the bottom right. The background shows the Jira interface with a sidebar and a 'Quickstart' panel.

\*Description

The screenshot shows the Jira 'Create issue' dialog box with the 'Description' field filled. The description contains a list of steps and expected/actual results. The 'Create' button is highlighted. The background shows the Jira interface with a sidebar and a 'Quickstart' panel.

5. From the tester side, The bug will be in "to do mood".

6. When the developer starts working on the bug this bug will be in a "progress mood".

7. When the developer will fix the bug it will go to the "done mood" and This Bug will Automatically Vanish from Tester Side.

The screenshot displays the Jira Software interface for a project named 'fabrilife.com'. The top navigation bar includes 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', 'Apps', and a 'Create' button. A search bar is located on the right. The left sidebar contains a 'PLANNING' section with 'Roadmap', 'Backlog', and 'Board' (selected), and a 'DEVELOPMENT' section with 'Code'. The main area shows the 'FC Sprint 1' board with columns for 'IN PROGRESS' and 'DONE 1 ISSUE'. A card in the 'DONE' column contains the text 'Eye icon is not added to the password field' and is labeled 'FC-1'. The right sidebar features a 'Help' section with a search bar and several articles, including 'Show or hide statuses from the board and backlog', 'What is the board?', and 'Create custom fields for your issues'.
